Newsletter January-February 2025

From the Desk of Executive President

Dear Students, Faculty Members, and Esteemed Researchers,

I am delighted to extend my sincere congratulations to each of you for your exceptional accomplishments at the recent International Conference (ICSTEMSD-2025), held on February 21, 2025. Your dedication, hard work, and innovative contributions have truly stood out, reflected in your presented papers and impressive poster presentations.

Your achievements have not only brought great pride to Atharva College of Engineering but have also made a significant impact on advancing knowledge within your respective fields. Your unwavering commitment to academic excellence and research serves as a stellar example to the broader academic community.

I wholeheartedly commend each of you for your outstanding efforts and remarkable successes. May this achievement pave the way for even greater accomplishments in the future.

Once again, congratulations on this well-earned recognition.

Best Regards,
Shri Sunil Rane
Executive President
Atharva Group of Institutes and
Founder Secretary – AET.

International Conference on Science Technology Engineering & Mathematics for Sustainable Development (ICSTEMSD 2025)

International Conference on Science Technology Engineering & Mathematics for Sustainable Development (ICSTEMSD 2025) was organized on February 21st, 2025. ICSTEMSD 2025 has organized the technical papers and posters into six distinct tracks. These tracks encompass a wide range of research topics, including "Technology Trends in Electrical Engineering," "Advancements in Electronic Telecommunication and Network," "Applied Computing and Data Science," "Recent Trends in Information Technology," "Embedded Systems and IoT," & "eLearning & Applied Sciences.

Inauguration and Conference Proceedings Reveal was done by Chief Guest Dr. Pratapsingh Kakasaheb Desai (ISTE President, New Delhi), Dr. Suresh A Shan (CSI Chairman, Consultant MMFSL & Advisory AICTE), Dr. Nayan Bheda (Founder Hashtech Ventures), Dr. P. N. Nemade- Director-ACE, Dr. Ramesh Kulkarni, Principal-ACE and Dr. Kavita Bani- HOD ECS-ACE. Vote of thanks was proposed by Ms. Kshipra Pandey, ELEC department.

Contents:

- Internal Conference ICSTEMSD-2025 Pg1
- Humanities & App. Science Dept. Activities Pg2
- Information Tech. Dept. Activities Pg3
- Electronics & Telecom. Dept. Activities Pg5
- Electronics & Computer Science Dept. Pg6
- Electrical Engg. Dept. Activities Pg7
- Computer Engineering Dept. activities Pg9
- Training & Placement Pg11
- TEDxACE 2025 Theme Reveal Ceremony Pg12
- Faculty Achievement Pg12
- Student Achievement Pg13
- NSS pg 11

ICSTEMSD 2025

After review and acceptance more than 230 papers were presented in parallel sessions. Total 20 Posters were presented by 90 students during ICSTEMSD 2025. Dr. Sujata Kulkarni from SPIT, Andheri and Ms. Mahalaxmi Palinje- ACE were the examiners for judging the Poster competition.

Department of Humanities and Applied Sciences

FE Visit to Historical Places

First-year Engineering students embarked on an educational industrial visit to the iconic Kanheri Caves and Vasai Fort, from 15th January -17th January 2025 blending historical exploration with learning. This enriching journey provided practical knowledge and deeper insights into Indian history, archaeology, and architecture, connecting classroom concepts with real-world heritage.

Awareness session on "Stigma and Discrimination on HIV, TB and AIDS" Under SSCS activity Plan (NEP-2020)

First-year engineering students participated in an educational awareness program on HIV, TB, and AIDS,on 7th February 2025, by Dr. Rakesh Chandan & Team (BMC). They emphasize on prevention, early detection, and treatment of above disease. The session highlighted the importance of education and awareness in achieving a TB-free nation by 2025.

Industrial visit

The First-Year Students embarked on an insightful Industrial Visit to Kaynes Technology India Limited, Bangalore on 8th February 2025. This visit provided hands-on exposure to cutting-edge electronics manufacturing, automation, and technological advancements, bridging the gap between classroom learning and industry practices.

The first-year students embarked on an insightful industrial visit to Digital Circuits Pvt. Ltd., Bangalore on 10th February 2025. Students gain hands-on exposure to PCB design, embedded systems, and digital electronics manufacturing. Experts provided valuable insights into microcontrollers, microprocessors, signal processing, and power management in digital circuits.

Avinya 2k25 Project Competition

The First Year Engineering has organised “Avinya 2K25” Project Exhibition which was held on 18th February 2025.The event served as a platform for students to show case their innovative and creative projects, emphasizing critical thinking and problem-solving skills. The exhibition aimed to foster an environment of learning, exploration, and collaboration among students and professionals. The judges for the event were Dr. Anil Raghav, Associate Professor, Department of Physics,

Mumbai University and Dr. Kiruthika.B,Assistant Professor,ECS Department,Atharva College of Engineering. As being an intercollegiate event students from Vidyavardhini`s College of Engineering & Technology, G.P.M.Degree College,Pravin Patil College Of Diploma Engineering & Technology participated with innovative concepts and ideas.

Department of Information Technology

SE Mini Project Orientation

Department of Information Technology organized orientation session for second-year engineering students on January 7, 2025, focusing on mini projects, team collaboration, and effective implementation strategies, enhancing their understanding of project development.

TE Mini Project Orientation

Department of Information Technology conducted a Mini-Project Orientation Program for Third Year students on January 8, 2025. The program educated students on Mini Project guidelines, course outcomes, evaluation procedures, and assessment criteria, aiming to help them set career goals and explore academic opportunities.

Seminar on How to Write a Scientific Research Paper?

Department of Information Technology in collaboration with Atharva Research and Development Cell hosted a Seminar on How to write a Scientific Research Paper on 7th January 2025 for BE students. This informative session provided valuable insights into structuring impactful research papers with guidance for publishing papers in reputed journals.

Workshop on "Integrating Mobile App using Flutter"

The Department of Information Technology organized a workshop on "Integrating Mobile App using Flutter" for TE students on 20th Jan, 2025. The workshop taught practical skills in integrating Flutter with backend services, external APIs, and native features, building and deploying a functional mobile app. implementing best practices in modern app development.

The Department of Information Technology conducted the "CONCEPTUAL PLAY: Round 1" technological role-playing contest, aiming to teach technical ideas in an interesting way. Teams demonstrated CNN, random forest algorithms and different key concepts creating an engaging environment and improving students' comprehension of team dynamics.

The Department of Information Technology "CONCEPTUAL PLAY: Round 1" day 2 technical role-play competition focused on artificial intelligence and machine learning models. The event aimed to promote higher-order thinking, deeper cognitive processes, learning, creativity, and social engagement among students. The event was successful..

Alumni Talk

Atharva College of Engineering's Department of Information Technology hosted an Alumni Talk on "The Indian Job Market in the Age of AI: Post Covid Trends and Survival Strategies" for SE and TE students. The talk, delivered by senior software developer Manasi Bhabal, highlighted the dynamism of India's job market and the paradigm shift in AI technology. The event provided students with knowledge and confidence to pursue their career goals in AI**.**

Department of Electronics and Telecommunication Engineering

SE Orientation

Department of Electronics & Telecommunication Engineering has successfully organized an "Orientation Program for SE students 2024-25" on 7th January 2025.The session was conducted by Dr. Bhavin Shah, HoD, EXTC and SE faculties of EXTC Department. Detailed information of all subjects of SE were covered. All the speakers provided in-depth knowledge of subjects along with the syllabus, module wise weightage, experimentation tools, future scope etc. Detailed information of the Mini Projects, Internship as well as Research and Development lab was covered.

TE & BE Orientation

Department of Electronics & Telecommunication Engg. has successfully organized an "Orientation Program for TE and BE students. The session was conducted by Dr. Bhavin Shah, HoD ,EXTC and TE & BE faculties of EXTC Department**.** All the speakers provided in-depth knowledge of subjects along with the syllabus, module wise weightage, experimentation tools, future scope etc. Exposure to mini and major projects, group formation and topic selection were covered for selecting application-based projects. Detailed information of the Internship as well as Research and development was covered.

Industrial Visit

Department of Electronics & Telecommunication Engineering has successfully organized an Industrial Visit to "C-DAC CENTER MOHALI" from 20th -28th Jan 2025 for TE students. The visit was organized by Prof. Sandip Zade and Prof. Mohan Kumar. Around 51 students visited. This visit has increased Awareness of C-DAC's Capabilities and contributions to National and Global Technological Progress.

Seminar

Department of Electronics & Telecommunication Engineering has organized an Expert lecture on "Seven Concerns of Innovation Process" in collaboration with Internal Quality Assurance Cell (IQAC-ACE), Institution's Innovation Council (IIC-ACE), R&D Cell ACE, IETE student Forum & IEEE Atharva on 12th February 2025. The session was conducted by Dr. Ulhaskumar Gokhale of EXTC Department. Detailed information to define and give importance to the seven concerns of innovation process namely causes context, comprehension, check, conception and communication.

Alumni Talk

Department of Electronics & Telecommunication Engineering has organized an Alumni Talk on "College Life -The journey Advice, What's next?" in collaboration with Atharva Alumni Association on 11th February 2025. The session was conducted by Mr.Tanuj Sachin Phalke (M.Tech). The session was conducted to encourage students to set both short-term and long-term goals for their personal and professional development. Speaker advised on how to stay focused and motivated in the pursuit of those goal?.

Department of Electronics & Telecommunication Engineering has successfully organized an Alumni Talk on "Academics and Beyond-Career counseling" in collaboration with Atharva Alumni Association on 11th February 2025, 10 AM onwards. The session was conducted by Mr. Anshul Hiteshkumar Unagar (Visual Design Intern, Atomos Technologies). Around 52 students attended the session. The session was conducted to learn the importance of having a strong LinkedIn profile, building a personal brand, and showcasing achievements through social media or personal websites.

Department of Electronics & Computer Science

Alumni Talk

Department of Electronics & Computer Science. has successfully organized an "Alumni Talk on topic Resume Building, Interview Preparation and Soft Skills" on 22nd January 2025, 10 AM to 11 AM. The session was conducted by Mr.Anuj Shinde, Alumni of ECS. Topics Covered in the Event are Key Points to hack the interview. How to improve the Soft Skills, Resume Writing, how to handle GD's and PI.

Workshop on NEPTEL and MOOC's Awareness

Department of Electronics & computer science has organized an "NEPTEL and MOOC'S awareness session for SE, TE and BE students. The session was conducted by Dr.Prajakta Borole. The speaker encouraged students to participate in the National Program on Technology Enhanced Learning (NPTEL) Online Certification Course and Massive Open Online Courses. She explained the value of these courses and assisted students with the registration process.

Seminar on "How to prepare for Poster Presentation?"

Department of Electronics & computer science has organized a seminar on "How to prepare for Poster Presentation?" for SE and TE students on 29th January 2025. The session was conducted by Dr.Kiruthika. The speaker guided students how to prepare for the poster presentation.

Workshop on AWS for Cloud Computing

Department of Electronics & computer science has successfully organized a Workshop on "AWS for Cloud Computing for SE and TE students 2024-25" on 10th February 2025. The session was conducted by Prof.Neeta Mohorkar. The objectives of AWS Cloud Computing focus on gaining a thorough understanding of the Amazon Web Services ecosystem and how to leverage its tools and services for cloud-based solution.

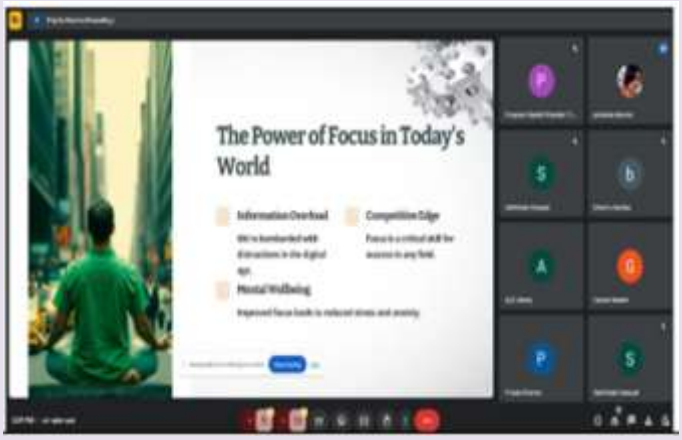
Department of Electrical Engineering

Advisory Board Committee meeting

The Advisory Board Committee meeting of the Electrical Engineering Department took place on January 9, 2025. HOD Dr. Pragya Jain presented an overview of departmental activities, student training, internships, placements, and curriculum gaps. .Dr. R. K. Kulkarni (Principal) emphasized faculty leadership in addressing curriculum gaps, fostering mentoring, promoting faculty internships, and organizing electrical safety initiatives. Mr. Ashweni Kumar Jain stressed leadership, personality development, digital presence, and industry readiness. Dr. Mohd. Adil Sheikh suggested value-added mathematics courses, industry collaborations, and projects. Mr. Saurabh Ail encouraged student-led MOOCs, hackathons, and industry partnerships, while Mr. Shyam Morzaria highlighted software skill development and hands-on training. Student representatives Nishita Shah and Pratham Shinde emphasized the need for more internship opportunities. Prof. Garima Gurjar Unhale acknowledged the insights shared and reaffirmed the department's commitment to implementing the recommendations, with advisory members supporting efforts to bridge curriculum gaps.

Online Webinar

The Electrical Engineering Department in partnership with the National Digital Library of India (NDLI) under the National Mission on Education through Information and Communication Technology (NMEICT), conducted an online webinar titled "Brain Hacks for Better Focus: Simple Habits for Maximum Productivity." Prof. Priyanka Sharma conducted the session, held via Google Meet. The webinar aimed to provide learners with centralized access to diverse learning resources, deliver in-depth presentations on specific topics to display expertise, share practical techniques to enhance focus and maximize productivity, and discuss key strategies with anticipated outcomes.



Online Webinar on Crafting Winning Resumes

The online Webinar on Crafting Winning Resumes was headed by Mr. Glenson Toney. The session emphasized ATS resume standards, key elements, and strategies for faster selection. It highlighted the importance of the placement process while promoting self-reflection and personal growth. Students learned to create resumes aligned with ATS requirements, focusing on essential components, formatting, and selection-enhancing techniques. The webinar provided valuable insights into crafting impactful resumes, ensuring compliance with industry standards, and improving job prospects.

Alumni Talk

The Electrical Engineering Department hosted alumni talk titled "Effective Strategies for GATE Preparation: A Roadmap to Success." The session, featured alumnus Mr. Yuvraj The event aimed to provide valuable insights and practical tips for students preparing for the Graduate Aptitude Test in Engineering (GATE).

EESA-2025

The Electrical Engineering Department organized the EESA 2025 event on February 13th and 14th, 2025, delivering a transformative experience that left a lasting impact. Mr. Ajay Vasanrao Naik, Senior Safety Auditor at Technocrats conducted an insightful session on industry safety standards. The Project and Poster Competitions highlighted exceptional creativity, while hands-on workshops on Fusion360 and ESP32 enriched participants' technical skills. Thrilling games like Bottrax, Laser Maze, and LED Arcade Game combined intellect with excitement. Additionally, engaging activities such as Treasure Hunt, Valorant, BGMI, and Flip the Cup provided relaxation and friendly competition. The event successfully fostered innovation, learning, and camaraderie, creating unforgettable memories for all attendees.

Department of Computer Engineering

Alumni Talk on Career advancement

The Department of Computer Engineering has organized a comprehensive “Career advancement” session on 29th January 2025 by “Ms. Jaanvi Nambiar”, “Business Analyst”, ARCON Tech-solutions Pvt. Ltd. She provided guidance to the students for recruitment, and other techniques for placements .Students gained valuable insights and strategies to navigate their career paths with confidence.

Alumni Talk on Goal Setting and Planning

The Department of Computer Engineering has organized a comprehensive “Goal Setting and Planning” session on 05th January 2025 by “Mr. Nikhil Yadav”, Founder Of Interllectsia. He provided personal experiences about facing setbacks and how resilience, adaptability, and strategic thinking play key roles in achieving goals.

SE Mini Project Orientation Program 2024-25 (Even Sem)

The Department of Computer Engineering hosted the SE Mini Project Orientation Program on 10th January 2025. Prof. Shweta Sharma Shukla, and Prof. Swikruti Dongaonkar, were the speakers of the session. They provided students with invaluable insights and guidance, setting a foundation for innovative and impactful projects.

Inauguration of Design and code

The Department of Computer Engineering has organized Inauguration of Design and code under the guidance of Head of Department Dr. Suvarna Pansambal and Prof. Aswathy .The field of Design and Code offers an exciting intersection of creativity and technical expertise, allowing students to explore diverse areas such as web and mobile app development, user interface (UI) design, and user experience (UX) design.

Workshop on NPTEL AND MOOCs AWARENESS

The Department of Computer Engineering has organized an engaging and informative Workshop on NPTEL and MOOCs awareness. The Workshop effectively introduced participants to valuable online learning resources and provided practical guidance on utilizing these platforms. Dr. Yogita Shelar gives valuable insights regarding the platform and encourages students to register.

Seminar on Goal setting Session to planning future

The Department of Computer Engineering organized an alumni talk on the topic “Goal setting session to planning future” on 5th February 2025. This event brought together current students and esteemed alumni to share valuable insights, experiences, and practical advice on The SMART Goals Framework-Explanation of the SMART criteria (Specific, Measurable, Achievable, Relevant, Time-bound). The Speaker Mr. Nikhil Yadav Founder, Intellectia gave information about time Management, Prioritizing academic, Career, and Personal Goals and how to Overcoming obstacles with motivation.

Seminar on Mastering the Art of Research Paper Writing

The Department of Computer Engineering organized an alumni talk on the topic “Mastering the Art of Research Paper Writing” on 5th February 2025. Dr. Yogita Shelar gives valuable insights regarding Research Topic Selection and Proposal Writing. The feedback indicates a high level of satisfaction and interest, with several constructive suggestions.

Five Days hands on Workshop on Full Stack Code in Python

The Department of Computer Engineering has organized an insightful 5 Days hands on workshop on Full Stack Code in Python for SE students which was held from 10th February 2025 to 14th February 2025.

Seminar on GNIIT:Build careers in IT and IT-enabled fields

The Department of Computer Engineering organized an enriching Seminar on GNIIT:Build careers in IT and IT-enabled fields for SE and TE students .It provided students with an innovative approach to current and upcoming IT companies that need a workforce that is adaptable and tech-savvy, skilled in emerging trends like AI, block chain, cybersecurity, cloud computing, and big data.

Atharva CSI Chapter Inauguration & Code Craft Competition

The Atharva College of Engineering hosted the prestigious inauguration of the Atharva CSI Chapter on 24th Jan 2025, which was honoured by the presence of Dr. Suresh Shan, Chairman of the CSI Mumbai Chapter, Principal Dr. Ramesh Kulkarni, Vice principals, Head of the Departments and faculties.

The Department of Training and Placement

Placement Campus Drives

The Department of Training and Placement organized campus placement drives for TCS, Tata Power, Tata Consulting Engineers (TCE), Panasonic Life Solutions India Pvt. Ltd,ICICI Prudential, AMC,LenDenClub,Cognizant,OCS Group India Pvt Limited, Fabtech Technologies Ltd, CMSS, Nimap Infotech, Chemionix eSolutions Pvt Ltd during the months of January and February 2025.Over 40 plus companies participated in these drives, with a total of 37 students being selected through on and off-campus placements. The average package offered to these selected students was 4.5 LPA.

Pre-Placement Training Session

The Department of Training and Placement hosted a "T & P Activity - Pre-Placement Training Session" for Third Year Engineering (TE) students. This session was tailored to provide students with insights into the recruitment process and the career opportunities they can explore during post-graduation. During this session, Dr. Kiran Mohite,Director AGI (Placement) explain the recruitment procedures, shed light on the work culture, and detail compensation and benefits. This information is especially valuable for TE students aspiring to kick-start their careers.

TEDxACE 2025 Theme Reveal

The TEDxACE 2025 Theme Reveal Ceremony was on 20th February 2025 in Phrase3 lobby. Chief Guest Dr. Pragya Jain (Academic Vice Principal, ACE) and Dr. Henry Babu (Director AIMS) along with faculty coordinator Dr. Ritu Sharma and students of AGI were present. Programme was a grand success, marking the beginning of an exciting journey towards an event that promises to inspire, innovate, and ignite minds. The ceremony unveiled this year's theme, "Alchemy of Ideas," emphasizing the power of transformation through knowledge, creativity, and collaboration.

Faculty Achievements

- Dr. Ritu Sharma, HOD Humanities and Applied Sciences has attended the Faculty Orientation Programme on INDIAN KNOWLEDGE SYSTEM organized by Vasantdada Patil Pratishthan's College of Engineering & Visual Arts,Sion on behalf of University of Mumbai.
- Dr Ritu Sharma, HOD Humanities and Applied Sciences has completed 5 days short term training programme conducted by National Institute of Technical Teachers' Training and Research ,Bhopal (Min. of Edu,Govt. of India)
- Prof. Kamaljit Kaur from First Year of Engineering department received the Best Paper award for her work entitled "RSA Algorithm for a Secure Cloud Environment" in International Conference on Science Technology Engineering & Mathematics for Sustainable Development (ICSTEMSD 2025) held at Atharva College of Engineering.
- Prof. Priyanka Sharma from Electrical Engineering department awarded with First Prize for her outstanding paper presentation at the International Conference held at Atharva College of Engineering. Her paper, titled "Decentralized Energy Trading Platforms: A Case Study Approach to Block chain Algorithms" explores how block chain technology enhances transparency, security, and efficiency in peer-to-peer energy trading.
- Dr. Bhavin Shah received a grant in Aid of Rs. 1 Lac from ATAL for Organizing ATAL Six Days Online Faculty Development Programme on "IOT Integration with Embedded System"
- Dr. Bhavin Shah delivered an expert session as a Eminent Speaker on "Business Model Canvas" for the ISTE-Approved One Week Faculty Development Program on "Innovation and Entrepreneurship through Academic Research" organized by Atma Malik Institute of Technology & Research, Thane.
- Dr. Bhavin Shah was appointed as Reviewer for the International Conference on Climate Change (ICCC-2025), SNDT Women's University.
- Prof. Pranoti Nage, faculty of INFT Department, got 1st position in the paper presentation by the 3rd edition of international conference of science technology engineering and mathematics for sustainable development.
- Prof. Anuradha Kapoor, Faculty of INFT Department secured best paper award on paper presentation by the 3rd edition of international conference of science technology engineering and mathematics for sustainable development.
- Dr. Suvarna Pansambal (HOD, CMPN Department) and Prof. Mahendra Patil attended faculty Orientation Program on "Data Structure" at Thodomal Shahani college of Engineering.
- Dr. Suvarna Pansambal Reviewed Springer Nature: Signal, Image and Video Processing.
- Dr. Suvarna Pansambal Reviewed Elsevier: Heliyon

- .Dr. Suvarna Pansambal, Prof. Mahendra Patil and Prof. Shriya Salunkh faculty of CMPN attended one week ATAL online FDP on "Next Gen Communications for IoT and Industrial Automation" organized by Holy Mary Institute of Technology & Science.
- Dr. Yogita Shelar and Prof. Shweta Sharma Shukla faculty of CMPN attended one week ATAL online FDP on "Introduction to Generative AI Models and Applications"
- Prof. Shaily Goyal faculty of CMPN attended one week ATAL online FDP on "Transforming Industries with AI: Deep Learning Breakthroughs and Real-World Applications"
- Dr. Yogita Shelar, Prof. Shriya Salunkhe, and Shweta S Sharma Shukla attended FDP on Gen-AI and ChatGPT Applications in the Industry.
- Prof. Ashwini Gaikwad attended FDP on "Intelligent Computing Techniques and Its Engineering Applications"
- Prof. Ashwini Gaikwad, Prof. Shaily Goyal Prof. Aswathy attended FDP on Data Science Fundamentals and Ethical Practices.

Student Achievements

- Chavhan Sunit Sunil (CMPN-BE-1) Participated in ENTHUSIA EVENT BY VJTI 2025 and got most valuable player of tournament award.
- Akshit Yogesh Shriyan (CMPN TE-2) participated in Enthusia 2025 - 100m run and got 1st Rank.
- Jay Bipin Parmar(CMPN TE-2) Participated in Cricket Organized by VJTI (Veermata Jijabai Technological Institute) and got 1st Rank.
- Akshit Yogesh Shriyan(TE-2) Participated in Mens U/30 100m Organized by B.S.K.B Association and got Second Position.
- Deep Mistry, SE INFT, Secured First prize at Hackathon Techspark 2025 at Mithibai College Vile Parle, Mumbai.
- Sahil Ghodvinde, TE INFT student presented a working model for an innovative project

"Traffix" at CiiA Innovation Exhibition at Nehru Science Centre, Worli.

- The Electrical Engineering students competed in a cricket match on February 14, 2025, and secured a remarkable victory. Udhav Hatkar was honored as the Best Bowler and Priyesh Mhatre was honored with man of the series.
- A team of final Year Electrical Engineering students—Kamlesh K, Srinivas K,Taufequee K, and Viraj Edke—secured first prize at the International Conference2025, hosted by Atharva College of Engineering on February 21, 2025. Guided by their project mentor, Prof. Sowmya Kini Prabhu, they developed SNABBER (Self Navigating Auto Body Balancing Engineered Robot).
- Ms Sharvari Tare, Mr. Sambhram Shetty, Mr. Ashwani Sahani, Mr. Vedant Kokamkar was awarded with best paper guided by Dr. Jyoti Mali entitled "Krushi Kaushal: AI Rover with precision farming" in ICSTEMSD 2025 under the track "innovations in communication and signal systems" organised by Atharva College of Engineering, 21 February 2025.
- Mr. Ansh Shah, Mr. Sarveshwar Dalvi, Mr. Pankajkumar Soni, Mr. Swapnil Gangurde was awarded with best paper guided by Prof. Mahalaxmi Palinje entitled "Design of Ring Oscillator using MOSFETat 32nm and 45nm using microwind tool with comparison of performance parameters" in ICSTEMSD 2025.
- Krish Kalpesh Patel & Khan SahebAlam Mohd Farooq from FE ECS branch secured 1st prize for ZENITH PLOTTER in Avinya 2K25 Project Competition.
- Mr.Soham Shinde won VORTEX 2025 state level Model United Nations Competition organized by Thakur Shyamnarayan Engineering College.
- Mr. Anshuman Singh alumni of Atharva College of Engineering, Department of Electronics and Telecommunication Engineering 2016 pass out batch is an Indian Telecommunication Service (ITS) Officer of Batch 2023 designated as Assistant Divisional Engineer Telecom(ADET).
- Jay Patel, Vaibhav Raut, Faiz Ansari, Shree Shinde, BE INFT student presented and secured first position on the paper presentation by the 3rd edition of international conference of science technology engineering and mathematics for sustainable development (ICSTEMSD 2025) held at ACE.

NSS Activities

Paper Bag Making (2nd January 2025)

The NSS Atharva B-57 Unit organized a paper bag-making event. To raise awareness about eco-friendly alternatives to plastic bags, volunteers were provided with newspapers and other stationary required. Under the guidance of seniors students learned the step-by-step process of making bags. The paper bag-making event successfully met its goal of promoting sustainability and educating volunteers about eco-friendly practices. By the end of the event, all volunteers had crafted their paper bags.

Gorai Beach Cleanup (5th January 2025)

NSS Atharva B-57, with For Future India, conducted a beach cleanup, collecting plastic waste to protect marine life. Volunteers learned waste segregation and proper disposal techniques, promoting community responsibility for cleaner, healthier beaches and environmental sustainability.

School Connect Rally (15th January 2025)

NSS Atharva B-57 organized a rally to promote reading habits. Through banners, slogans, and student interactions, volunteers highlighted books' importance for personal growth, fostering curiosity, creativity, and lifelong learning among students across all departments.

Youth Day Quiz (15th January 2025)

NSS Atharva B-57 hosted a Swami Vivekananda quiz during camp at Ramakrishna Mission. Through teamwork, participants explored his life, teachings, and philosophy, gaining insights into spiritual values, critical thinking, and discipline in a fun, interactive format.

Republic Day (26th January 2025)

NSS Atharva B-57 celebrated Republic Day with flag hoisting, a parade, cultural dances, and a skit on religious unity. The vibrant event honored India's diversity and inspired patriotism, national pride, and community spirit among all attendees.

Echoes of Kargil: A Journey of Experience (18th January 2025)

Brigadier Sangram Dalvi shared insights on the Kargil War with NSS Atharva B-57. He highlighted soldiers' bravery, teamwork, and sacrifices, inspiring youth to pursue defense careers and appreciate national security challenges through engaging stories and Q&A.

Artshala-3 (19th January 2025)

NSS Atharva B-57 volunteers joined Connect For's Artshala-3, painting murals to beautify school premises. This creative community service event encouraged teamwork, artistic expression, and spreading positivity while enhancing public spaces and fostering a sense of contribution.

Pack A Meal (06th February 2025)

NSS Atharva B-57 held "Rise Against Hunger," packing 28 meal boxes for the needy. Volunteers worked in assembly lines, fostering teamwork and awareness about global hunger while making a tangible impact through organized, efficient food packaging.

Adopted School Activities – 4(8th February 2025)

NSS Atharva B-57 engaged Bandar Pakadi BMC School by organizing quizzes, math games, and crafts, fostering creativity and teamwork. Students learned NSS claps, enjoyed educational activities, and left with sweets, promoting holistic development through interactive learning.

Adopted School Activities – 5(8th February 2025)

NSS Atharva B-57 conducted interactive science, math, and recreational sessions at Bandar Pakhadi BMC School. Volunteers used real-life examples to make learning engaging, encouraging teamwork, creativity, and curiosity in students through fun educational games.

Adopted School Activities 01 (1st February 2025)

NSS Atharva B-57 engaged Bandar Pakadi BMC school students in fun, educational sessions focusing on academics and personal growth. Volunteers created a lively learning environment, building student confidence, critical thinking, and enthusiasm through games and activities.

Adopted School Activities 02(1st February 2025)

NSS Atharva B-57 taught Ganesh Nagar BMC students waste management and eco-brick making. Through games, volunteers instilled creativity, environmental awareness, and critical thinking, fostering students' enthusiasm for sustainable practices and holistic development.

Adopted School Activities-03(8th February 2025)

NSS Atharva B-57 engaged Ganesh Nagar BMC School students with quizzes, math games, and crafts. Volunteers taught NSS claps and ended with sweets, creating a fun learning environment while promoting problem-solving, creativity, and teamwork.

Adopted School Activities – 6

NSS Atharva B-57 engaged Ganesh Nagar BMC students through creative learning activities, critical thinking games, and NSS claps. Volunteers encouraged curiosity, teamwork, and enthusiasm, fostering a positive learning experience while strengthening community bonds.
