- 3) Cryptic Hunt- Player will be given virtual problem and has to analyze the clues in the images to get password of the next level to reach.
- 4) Drawing competition with theme- History and Heritage
- 5) Rangoli Competition with theme- Culture+ Technology
- 6) Atharva Through your lenses- Player has to make Video/ Collage of all college campus and events conducted by IETE in the stipulated time.
- 7) Robocar racing- Travel the track designed in minimal time using the Robo designed by the students

We were honoured to have **DR. PRANAV NERURKAR** as the CHIEF GUEST and **Dr. VIKAS GUPTA** as the GUEST OF HONOUR for the inauguration of TECHNOFEST 24. Both appreciated the hard work & efforts of all student participants and was highly impressed by all the events organised under the theme PRAUDYOGIKI (Where culture meets Technology). We also had Mr. Amit Padhy who is not only our ALUMNI but also currently a successful entrepreneur in field of 3D printing. Students from different branches had participated in the competitions

We were fortunate to have **RF AQUA Solutions** as our sponsor for the event. They had set up the equipments and tools, demonstrating the technology used in study of underwater image and sound transmission. All the students were highly motivated by this technology and eager to learn more on this technology.

During Valedictory Function, all winners of Techofest24 events were felicitated with certificates and prizes. Subsequently, the awards for academic achievement were acclaimed and handed a certificate. We also take this as platform to felicitate our talented students in different fields in which they are master and achieved great heights.

We appreciate our IETE ACE Student Forum committee for their dedication & efforts in making the event successful.
