REPORT ON FIRST-YEAR ENGINEERING ORIENTATION PROGRAM 2026-27

"Welcome to Atharva – Begin Your Engineering Journey"

Event Name	First-Year Engineering Orientation Program 2026-27
College Name	Atharva College Of Engineering Mumbai
Date and Time	11 September 2026, 11:00 AM onwards
Venue	SCR 8, 9 & 10, 3rd Floor, Atharva College of Engineering Mumbai
Topic of Event	F.E Orientation Program
Targeted Audience	First-Year Engineering Students
HOD	Dr. Ritu Sharma
Principal	Dr. Ramesh Kulkarni
Presenters / Faculty	All HAS Department .

Brief Description of the Event

The Department of Humanities and Applied Sciences organized the First-Year Engineering Orientation Program 2026-27 on 11 September 2026 at Atharva College of Engineering. The program welcomed new students and introduced them to the institute, academic expectations, discipline, examination guidelines, and first-year curriculum. The session included a formal welcome, Saraswati Vandana, introductory video, addresses by the HOD and Principal, discipline and examination guidance, FE induction, and an introduction to first-year subjects.

Objectives of the Program

- To welcome and orient first-year engineering students to Atharva College of Engineering and its academic environment.
- To familiarize students with the institute, Atharva University, and the opportunities available during their engineering journey.
- To explain general discipline rules and important academic guidelines.
- To encourage students to develop a positive attitude, professional conduct, regular study habits.

Topics Covered in the Event

The orientation program commenced with the welcome and registration of students, followed by the auspicious Saraswati Vandana. An introductory video provided an overview of Atharva University and Atharva College of Engineering. The program then proceeded with the Welcome Address and Opening Remarks, followed by insightful addresses by Shri Sunil Rane (Founder and chancellor), P.N Nemade (Director) , Dr. Ramesh Kulkarni(Principal) , Dr. Ritu Sharma (HOD). Students were given a brief on institutional discipline, essential guidelines, and examination procedures. The session further featured an informative FE Induction PPT presentation, along with an overview of the first-year engineering subjects and academic curriculum.

Outcome of the Program

- a) Students gained an understanding of the institute, academic environment, discipline, and examination guidelines.
- b) Students were introduced to the first-year engineering curriculum, subjects, and academic expectations.
- c) The program encouraged regular attendance, responsible conduct, active participation, and a confident approach towards their engineering journey.
