Minutes of meeting

IQAC, Atharva College of Engineering, held its quarterly meeting on 5th November 2024. The duration of the meeting was one hour (4:00 PM to 5:00 PM). The meeting was conducted in the IQAC Room on the fourth floor by the IQAC Head and Principal Dr. Ramesh Kulkarni, for deliberate, dependable, and inspiring action aimed at enhancing the institution's administrative and academic performance. The agendas discussed in the meeting are as follows:

Agenda 1: Introduction to Student Council members: Newly elected Student Council Members of 2024-2025 were introduced to the IQAC team

Agenda 2: Vertical University: A team of experts will visit in the month of April to evaluate the institution's infrastructure, academic programs and compliance with regulatory standards. All the assigned members to prepare thoroughly for the same.

Agenda 3: NPTEL Courses: In order to supports flexible, self-paced learning with expert guidance NPTEL Courses to be encouraged to bridges the gap between industry requirements and academic learning.

Agenda 4: Industrial Visits: In order to give students practical exposure to real-world work environments Industrial visits to be arranged for all years in all departments.

Agenda 5: IIC Event: To promote innovation, entrepreneurship, and start-up culture among students and faculty, IIC should regularly conduct events.

Agenda 6: College Website Updation: To ensure accurate and current information is available to students, faculty, and stakeholders, college website to be updated.

Agenda 7: Conduction of TedX ACE: TedX ACE to be conducted by the end of month of March

Agenda 8: Conduction of Rhythm Ember: Annual Rhythm Ember event to be conducted in the month of April.

Agenda 9: Plan for next semester: Principal Sir instructed to initiate the semester with an academic calendar outlining classes, assessments, and co-curricular activities. Ensure readiness through faculty orientation, syllabus planning, and infrastructure checks for smooth execution. Each subject lab experiment should be revised by introducing two new experiments.
