**ATHARVA COLLEGE OF ENGINEERING**

(Approved by AICTE, Recognized by Government of Maharashtra  
& Affiliated to University of Mumbai - Estd. 1999 - 2000)

**Date: 19/01/2023**

**Time: 2:00 to 3:00 PM**

**Objective of the Session:** Induction Session on Effective Communication Skills

**Faculty Name: Dr. Priyanka Badani**

**Outcome of the Session:** A session was conducted on Effective Communication skills for First Year students as a part of the Induction Program. A total of 55 students from INFT-2 were present. Effective communication skills are fundamental to success in numerous aspects of life.

The following are some of the points that were covered during the sessions.

- What is Communication?
- The importance of good communication
- Types and methods of Communication
- Understanding your responsibility in the communication process
- Communication (verbal & non-verbal)
- Key skills of effective communication
- Communication Barriers
- Methods to overcome communication barriers

The session was concluded by emphasising on the importance for every human being to develop effective communication skills: written, oral and non-verbal; as the amalgamation of it all is the basis of growth and development.

Overall session was interactive and students considered it as a fruitful session.

**Date:** 19/1/2023

**Objective of the Session :** Employability skills and competitive exams

**Faculty Name :** Vinayak Sawant

**Activity Conducted by :** [Vinayak Sawant](#)

**Outcome of the Session:** A session was conducted on **Employability skills and competitive exams** for First Year students as a part of the Induction Program. A total of 60 Students of CMPN 2 ( Class 8) were present.

The aim of the session was to inform students about different competitive exams, and encourage them to prepare for these competitive exams. Also introduce them with skills required along with their academics to crack any interview and guide them about different aspects of Employability skills.

The session was very helpful for the students as students need to know about Employability skills and competitive exams at this early stage of their career.

## F.E Induction Program on Social Media- Advantages and Disadvantages

An induction program on "Social Media- Advantages and Disadvantages" was conducted for students of the F.E. Program on 19th January, 2023 at 3:00pm by Prof. Divya Acharya. A total of 50 students participated in the induction. Social media has a lot of advantages and disadvantages. Some people find them helpful in keeping in touch with friends, while others view them as a distraction from their work or studies. Social media can be addictive and can lead to feelings of loneliness or isolation if used excessively.

The induction program helped the students to develop a balanced view about the use of social media. The session was interactive and students participated freely in expressing their viewpoints.
