**REPORT OF INHOUSE INDUSTRIAL VISIT**

Date: 2nd February 2023

Department of Humanities and Applied Sciences organized an Industrial Visit to Square Propack, Vasai (East) for FE students of branches Electrical & Electronics and Computer Science on 27th January 2023, under the valuable guidance of Principal Dr. Shrikant Kallurkar and HOD Dr. Ritu Sharma. Prof. Bharat Waghode was the incharge Professor for the Industrial visit.

Industrial visit helps the students to enhance their interpersonal, communication skills and teamwork abilities. It also helps them to learn about the quality process and inspection. They also know about how different departments are involved in industry. Industrial visits provide students with much-needed break from the usual melancholic theory classes and engage in fun learning.

The Square Propack is a tubes manufacturing and supplier company. The outcome of this visit was to provide a learning platform to students. Students got to see the functions of Extrusion moulding machine, fully automatic printing machine, capping and sealing machine of tubes. They learned about the tube extrusion machinery and modern printing technologies. Students were benefited as they got a basic idea of operation and execution of various departments in an industry. After visiting the company, students got an opportunity to experience how professionals live, learn about various management concepts.

A total of 42 students from first Year Electrical and ECS branch were present for the program. The industrial visit was a success as it offered great opportunity for each student to gain high self-esteem, more knowledge and grow stronger in his/her career.
