INTRODUCTION

An induction programme is a significant process for bringing students into the Institute & provides an introduction to the working & curricular environment inside the institute. An induction programme is intended to invoke the student to be an all-rounder, integrated member of college because we believe that it is essential to understand how to march towards the goal of becoming a quality engineer.

Atharva College of Engineering organised the FE Student Induction Program 2022-23. As per the guidelines of AICTE the college has covered all activities. The induction program consisted of many interesting activities like human Value, motivational lectures, language activities, talent hunt, social sensitization; soft skills based activities, expert lectures, group discussion and debate, career opportunities lectures, sports related lectures etc.

The Orientation Program

The Orientation program for First Year Engineering students was organized on 4th November 2022 at 11 am. In this session of the Orientation program students were oriented about the Department of Humanities and Applied Sciences, its policies, processes, practices, culture and values. Students were informed about the first year faculty members, history, various activities, Programs and last year's results of the department.
