- TEDxACE's fifth edition, themed "Uncharted Archives," unfolded on March 15, 2023, at Atharva College's Phase 3, from 10:30 am to 5:00 pm. The day commenced with a captivating TEDx introduction, offering insights into TEDx's essence and showcasing highlights from global TEDx events. The event featured four dynamic speakers and an immersive AR/VR gaming experience.
- Our first speaker, Sharif Mohammed Bapu is the President of MMA INDIA, chairperson of the Asian MMA Federation's Technical Commission and founder of the Academy of Self Defence. He is a renowned martial arts figure and Torch Bearer for the Commonwealth Games. In his talk, he focused on women's empowerment, showcasing martial arts techniques and his personal journey. He also shared his experience when representing India in international competitions and addressed his contribution in challenging and shaping government policies.
- Our next speaker, Ms. Kanika Rajput discussed her journey in establishing the National Land Monetization Corporation, emphasizing the immense power of strategic networking, self-confidence, and perseverance. She highlighted overcoming challenges to define its structure and governance, generating a \$22 billion revenue stream. Kanika urged embracing networking in personal journeys to conquer fears and shape the world, one audacious dream at a time.
- Our third speaker, Mr. Saurabh Suresh Bhosale, CEO Founder of Project Visioncy, mesmerized us with his captivating talk, blending humor and profound storytelling. His narratives, from the streets of India to Maharashtra's prime districts, left a lasting impact. His recent TEDxACE talk in Marathi showcased his ability to deeply connect with audiences, marking a groundbreaking moment. Saurabh emphasized that storytelling is an important aspect of life, enriching our experiences and connecting us with one another.
- Saurabh's talk was followed by an AR/VR game which was organized by "The Board Game Co", engaging the attendees in an investigation challenge that entertained them while enhancing their problem-solving skills.
- Our last speaker for the event, Mr. Akash Bhavsar is the visionary behind Powertrain, a YouTube channel dedicated to infrastructure awareness. With over half a million subscribers, Akash unravels infrastructure complexities and sheds light on its societal implications. Recognized by institutions like NHRCL for insights into India's Bullet train project, Akash challenges misconceptions and showcases infrastructure's transformative power.
- The event was then concluded with the Vote of Thanks by our Licensee – Yash Mathkar.
- TEDxACE's "Uncharted Archives" event was a riveting exploration of diverse ideas and experiences which will continue to embrace innovation, diversity, and collaboration to shape a better future for all.
